

MADEIRA

---

*A Message from the Board of Trustees*

December 5, 2022

Dear Friends,

On behalf of the Head Search Committee, I would like to thank the entire Madeira community for guiding our work in identifying the 11th Head of The Madeira School. Our in-person and online forums yielded valuable and insightful feedback, as did the many thoughtful and detailed survey responses. Our community's voices were critical in developing the Position Profile for the position, which is posted [here](#).

Over the next few months, our partners at Carney Sandoe will gather information about prospective candidates, and will actively recruit those whose experiences and expertise align with Madeira's priorities. We have received strong interest in the position, which speaks to the power of Madeira's vision and mission. Our process is better because of you.

I look forward to updating you in the months ahead.

Misti Mukherjee '84, P'13

Chair, Head Search Committee
