

A Message from the Board of Trustees

October 26, 2022

Dear Friends,

We are pleased to provide you with an update in the search process to identify Madeira's next Head of School.

New Search Committee Members

First, please join us in welcoming Rebecca Zahradnik (Senior Associate Dean of Student Life and Culture for Wellbeing and Belonging) and Stacy Tippens (Director of Instructional Design and Innovation and Co-Chair of the Math and Science Departments) as new members of the Head of School Search Committee ("Search Committee"). We are grateful to both Becky and Stacy for their exceptional leadership and commitment to Madeira.

Confidential Survey

On November 1 and 2, our partners at Carney Sandoe are preparing to visit campus and gather feedback from our campus community. All interested community members are encouraged to fill out this confidential online survey as a means of gathering your feedback. The information that we gather from these listening opportunities will be invaluable in defining the qualities that will be most important to Madeira as we plan for the future.

Candidate Suggestions

Suggestions for Head of School candidates are welcome and encouraged. Candidate submissions should be sent to searchcommittee@madeira.org. While our goal is to be communicative and transparent, please know that the names of all candidates will remain confidential until our finalist round, in order to ensure that we recruit and interview the most exceptional leaders.

Thank you for your enthusiasm, engagement, and support of Madeira.

Warm regards,

Misti Mukherjee '84, P'13
Chair, Head Search Committee
